Education Assistance from LVBHS

Our mission is to increase the interest in the study of plants, particularly plants native to the California Central Coast, our local Burton Mesa Chaparral Garden, and horticultural (gardening) interest in locally propagated plants.

The Lompoc Valley Botanic and Horticultural Society (LVBHS) will accept applications for assistance in the form of: consultation, aid in planning, and funding.

Please complete this form and attach it in an email to:
kristeen.caldwell1844@gmail.com with the subject: **Attention Education Chair**

Project Title_____

Goal of Project_____

Facilitator (include email and phone number) _____

_____

Dates of Project_____

Please attach a brief write up of the project that includes:

-Mission or purpose of the project
-Student impact (number of students, education, experience, etc)
-Is the project expected to be ongoing or is it a one-time event?
-Cost breakdown (shopping list from websites can be included)

Once the application is received, it will be reviewed by the board members. The facilitator will be contacted for applications presented at member meetings. There are five LVBHS meetings a year, while we endeavor to swiftly process all applications the turnaround time for determination and notification could be as long as three months. Applications are limited to residents of Lompoc Valley or attendees of LUSD.

Applications will be scored using the following as a guide:
Compatible with LVBHS mission 40
Student impact 40
Sustainability of the project 20

Each project/group may only apply for monetary assistance once each year.
Once the annual monetary limit is reached for LVBHS, any outstanding applications will be suspended until the next financial year or until funds become available.
